NOISE**MONSTER**™
sound to silence acoustic panels

ACOUSTIC WALL PANELS

SO... WHO IS NOISEMONSTER?

ARTISAN TRADITION

AN ITALIAN STORY OF SKILL & CREATIVITY

We are an Italian acoustic panel and soft seating company located in north east Italy. We design sophisticated acoustic wall panels and acoustic soft seating for many applications whether it is a home office, home theatre or a commercial establishment.

STYLE & EFFICIENCY

Like a hand in glove - we want your space to look right, feel right and work right. You are making an investment into your space and you want to stay in fashion for years to come. This is where we step in. We are artisans with an eye for fashion, mixing color, texture, weave and shapes into our acoustic wall panels and soft seating. We are focused on getting it right every time.

PROUDLY HAND MADE

since MADE IN ITALY 1981.

40 YEARS AND STILL GROWING

### IT IS OUR JOB TO SILENCE YOUR NOISE MONSTERS.

In fact, our job is to contain all those troublesome noise monsters that make their way into your everyday life. Of course, the technical properties of our panels are important, however we are also about style and design. When it comes to your work or play environment the overall feel of your space should reflect who you are.

Say **SILENCE** to the **Noise Monsters**!
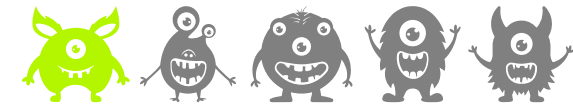

CHARACTERISTICS & FEATURES

NoiseMonster uses contract quality ingredients when making their acoustic panels. NoiseMonster also uses brand name fabrics including:

since MADE IN ITALY 1981

PROUDLY & HAND MADE

PRODUCT **25** years GUARANTEE

RALPH LAUREN   Christian Lacroix   THE ROYAL COLLECTION   WILLIAM YEOWARD

FIRE RESISTANT
Our panels are fire resistant & safe for the environment.

As per European Norm EN13501-1

SOUND ABSORBENT
Our panels are sound absorbent.

With a Noise Reduction Coefficient value of 0.96

EASY CLEAN
Our panels are easy to clean and maintain.

Water and some mild soap will solve most stains.

ANTI-MICROBIAL
No mould or bacteria will grow on our panels. Selected fabrics are anti-viral.

All panels are sprayed with a disinfectant against Covid-19.

TEAR RESISTANT
Selected fabrics are tear & abrasion resistant.

We use fabrics with a high martindale factor.

EASY & SAFE FIXING
Our panels are easy to install on the wall using a patented hidden Button system.
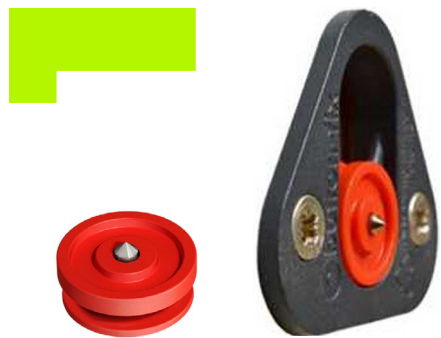

Click on the wall as easy as 1-2-3.

THE INSTALLATION SYSTEM
FIX-IT AS EASY AS 1-2-3

Installing NoiseMonster panels using their hidden installation system is **EASY** and **SAFE**. Be confident to quickly install your wall panels and achieve a fabulous finish! **easyfix** with NoiseMonster's Button-Fix installation system.

1

MARKER TOOL

Use the ingenious red marker button to quickly and accurately align the panels onto the wall. There is no need for a tape measure or any guesswork! Snap a red marker into each black fix, then position the panel on the wall and press firmly. The red marker points will leave indents in the wall surface, which serves as a pilot guide to attach the green buttons on the wall.

2

CLIP & BUTTON

Green buttons are attached to the wall on the positions marked by red marker button. Four Black fixes come factory attached to the back of each panel. The green button simply clicks into the black fixes.

3

THE PANEL IS UP!

Push on the panel firmly down or up until the green buttons 'click' into place.

PROUDLY HAND MADE

since MADE IN ITALY 1981.
